

July 28, 2020

Dear Family & Friends,

Unfortunately, we must share some difficult news. Last evening, we received results that an employee has tested positive for Covid-19. This employee last worked at the Home on Saturday July 25th. Since hearing of the positive result, we have taken steps to test all the Residents and staff who may have come in connect with that employee. The results of the latest batches of tests will be reported and communicated to family contacts as soon as they are available.

We will be increasingly vigilant in monitoring signs or symptoms of illness in the Residents and staff. If you have any questions or concerns please feel free to contact us at (412) 307-1100.

In related news, all of the tests that were previously submitted in early July, as mentioned in my last update for staff to comply with the State's mandate, did come back negative. Thank you all for your support during this difficult time in our Home.

Please continue to pray for our Home, Residents, Sisters and Staff.

United in Prayer,

Mother Mary Vincent, lsp
Administrator
