

You are invited to experience wines from  
Little Sisters of the Poor Homes around the world

Since the beginning in 1839 when Foundress St. Jeanne Jugan provided care to a blind, elderly woman, she set an example of her devotion to God and to the elderly poor that would eventually be followed by Little Sisters in 200 Homes across 30 countries. Indeed, the Little Sisters' burgeoning ministry has expanded like hearty grapevines, flourishing but never veering from the spiritual and physical care of the elderly poor. It seems only appropriate to celebrate their legacy and mission in the world with stops at six of their international Homes to enjoy wines indigenous to those regions.

to care for the elderly poor of Pittsburgh.

## Little Sisters of the Poor Mission

The Little Sisters of the Poor have cared for Pittsburgh's elderly poor since 1872. Their Home was recognized as one of the top 39 nursing homes in the nation by U.S. News and World Report in 2012. It is only through financial and in-kind support from friends and benefactors that the Sisters are able to keep their doors open to the neediest elderly. As their mission states "Continuing the work of Saint Jeanne Jugan, our MISSION is to offer the neediest elderly of every race and religion a home where they will be welcomed as Christ, cared for as family and accompanied with dignity until God calls them to himself."
