

July 6, 2021

Dear Family & Friends,

We had a wonderful July 4th celebration, including a patriotic sing-a-long with the Residents. May God bless America!

The Residents are well and our scheduled visits with guests continue. All visits must be scheduled through the front desk at (412) 307-1100. Please remember that although the state of Pennsylvania has lifted the mask mandate, as a nursing home we must continue to have staff, volunteers, and visitors wear masks while inside our Home. This month's set of testing for those employees who have not been vaccinated was all negative. We will continue to test those until this requirement is no longer necessary.

Thank you for having patience as we slowly return to normal. We will continue to pray that the pandemic subsides soon. Please keep our Home in your prayers as well.

Gratefully in Prayer,

Mother Mary Vincent, lsp
Administrator
