

September 17, 2021

Dear Family & Friends,

Unfortunately, due to additional positive test results, we have had to quarantine our 4<sup>th</sup> and final household today, which means that all households remain on lockdown. Another staff member has tested positive in this last round of testing. Earlier this week one of the Residents, who had contracted Covid-19 last week, passed away abruptly. Sometimes the complicated conditions of the nursing home Residents make it so challenging to fight off Covid.

Facetime calls are still available for all Residents in the nursing home. Please call our main line at (412) 307-1100 to make arrangements with the Activities Staff. Thank you for your support and your continued prayers.

May God bless you.

Gratefully in Prayer,

*Mother Mary Vincent, lsp*
