

September 27, 2021

Dear Family & Friends,

Praise God! We have received word that the lockdown on our nursing households can end today. While this is joyous news, we are taking a cautious approach to “re-opening.” Window visits scheduled through the front desk will be our first step and those may resume immediately. Call our main line at (412) 307-1100. From there we will communicate our plans to reconnect Residents to their families, to Mass, and to the activities of the Home.

Thank you for remaining patient over the last month and keeping us in your prayers. We pray that a lockdown does not have to happen again and this pandemic subsides soon.

May God bless you.

Gratefully in Prayer,

Mother Mary Vincent, lsp
Administrator
