

October 18, 2021

Dear Family & Friends,

I am writing to report that another two Residents from the same household as the Resident who tested positive earlier this week have tested positive for COVID-19. One of these Residents was just too weak to fight the infection and passed away this weekend. In addition, another staff member tested positive yesterday. The nursing staff is in the process of re-testing all Residents, Sisters and staff in the nursing home.

On Monday October 11, our dear Sister Gemma, lsp went to Heaven. She was surrounded by Little Sisters and Staff. If you have ever been to a sale or an event at our Home you most likely crossed paths with Sister Gemma. She worked tirelessly to help this Home and our dear elderly Residents. She has earned her eternal reward. Please join me in praying to Sister Gemma to help us come through this challenging time.

May God bless you.

Gratefully in Prayer,

*Mother Mary Vincent, lsp*
