

January 4, 2022

Dear Family & Friends,

We have had a wonderful Christmas Season here at the Home. The Residents receive gifts from friends and benefactors and we were able to celebrate with small household parties and delicious food.

Unfortunately, over the weekend we learned of a positive Covid-19 amongst our Jeanne Jugan Pavilion Apartment Residents. Yesterday, a second Pavilion Resident tested positive and today two additional Apartment Residents tested positive. Fortunately the interactions amongst the independent living Residents and the Nursing Home Residents is minimal and thus far, every Resident in the nursing home remains healthy.

If additional actions are needed, we will be communicating that with you. Thank you for your continued prayers. We look forward to a brighter 2022!

Gratefully in Prayer,

Mother Mary Vincent, lsp
Administrator
